PCH SECURES FMG CONTRACT

PCH Group Ltd today announced that it had secured a contract with Fortescue Metals Group Ltd for the provision of scaffolding services on the Pilbara Iron Ore and Infrastructure Project at the Cloud Break Mine Facilities. PCH will perform these services as part of a collaborative contracting arrangement with four other companies.

PCH's Managing Director, James Cullen said "PCH continues to benefit from the buoyant resources sector with demand for our services continuing to grow. The Cloud Break mine is a major project for Western Australia and we are delighted to be a part of it".
